ABOUT

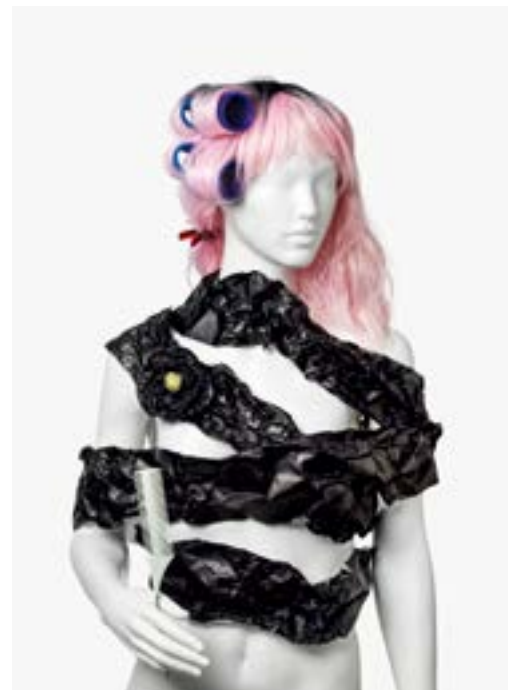

A JOURNEY THROUGH TIME: COMPANY HISTORY SINCE 1950S

In the 1950s, Lars Åke Bratt laid the foundation for our journey by establishing a wholesaler business for local barbershops in Stockholm Sweden. From chemicals to purified import and distribution business, we evolved with the times. In the 70s' and 80s', iconic brands like Oster, Joewell and Parlux became exclusive partners, a tradition upheld till today.

In the early 90s, the baton passed to Leif Ahlquist and Christina Bratt, who renamed the Company Bratt Trading. With a new strategy, the focus shifted to wholesalers in the Nordic countries. Our commitment to Growth led us to a spacious 3200 m² premises in 2012, marking another milestone in our journey.

PRESENT DAY: MASTER DISTRIBUTOR OF QUALITY HAIR TOOLS

Today, Bratt Trading stands tall as the master distribution company specializing in high-end quality hair tools for the professional market in Scandinavia and Europe. Our dedication to excellence and customer satisfaction continues to drive us forward.

The Professional Edge

SYMMETRIC HANDLE

PAGE 7

SYMMETRIC HANDLE

The symmetry of the handle design is widely appreciated as the basic style for beauty salons. Symmetric design makes it possible to use both sides of the scissors or to change the way the scissors are held for a greater degree of freedom.

OFFSET HANDLE

PAGE 8

OFFSET HANDLE

The length of the handle grid differs between still blade and moving blade. Offset handles easily fit the hand so the wrist, elbow and shoulder do not tire easily when opening or closing the scissors. Various angles and designs are available in offset types so please select according to your preference.
