and provides protection  
against everyday  
dirt, sweat and  
prevents dehydration

Skai **removes**  
**everyday stains**,  
dirt and mildew

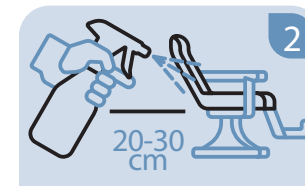

HOW  
OFTEN?

Recommended frequency of use:

Every month for general cleaning, or as needed for stain removal.  
If you have light coloured furniture or if your furniture is heavily  
used you will need to clean your furniture more often

Use your microfiber  
cloth to **remove visible**  
dirt.

**Spray** on your furni-  
ture at a 20-30 cm  
distance and ensure  
that the entire surface  
is properly damped.

**Clean and wipe**  
off with a microfiber  
cloth.
