

DISICIDE® HAND SANITIZER SPRAY

DISICIDE®

Disicide® Hand Sanitizer Spray **helps reduce germs and bacteria** on hands. Designed as a spray to eliminate need for direct contact. Applies evenly and dries quickly whilst being simple and effective. Contains 70% ethyl alcohol.

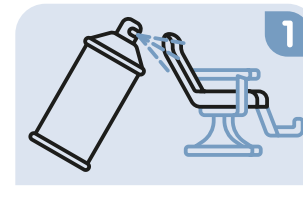

Is **effective against bacteria** and many types of viruses such as cold virus and flu virus

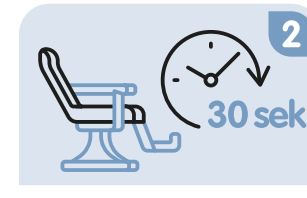

Proven effective against **bacteria and virus** included COVID-19 under EU regulations EN 1500

The product has a UN 1170 hazard class for transportation, **flammable**

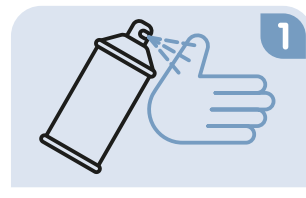

Spray abundantly on the surface you want to disinfect.

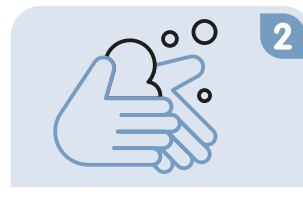

Apply product to surface for at least **30 seconds**.

Allow the surface to **air dry**.

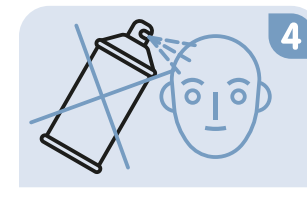

Spray onto hands and wet hands thoroughly with product.

Rub your hands together until they feel dry.

Action time about 30 seconds.

Do NOT spray onto face.

Do NOT rinse or wipe off the hand sanitizer before it's dry; it may not work well against germs. Air dry it.
